

Name: Dr. Monisa Rajkhowa, Associate Prof.

Dept of Physics, JIST

Email id: [rajkhowa\\_05@yahoo.com](mailto:rajkhowa_05@yahoo.com), [monisa.rajkhowa@gmail.com](mailto:monisa.rajkhowa@gmail.com)

### **Details of technical paper published**

<b>Title of Paper</b>	<b>Name of the Journal in which Published</b>
New Parametrisation of tri-bimaximal mixings Monisa Rajkhowa	<i>Indian Journal of Physics</i> , 83(9), 1343-1351 (2009)
Lowering solar mixing angle in inverted hierarchy without charged lepton corrections.*	<i>J. Phys. G: Nucl. Part. Phys</i> , 34(2007) 345-351 hep-ph/0603154
Deviation from tribimaximal mixings through flavour twisters in Inverted and normal hierarchial Neutrino mass models	<i>Pramana, Journal of Physics</i> , Vol 69, No. 4/2007, 533-549
Possible radiative origin of $\Delta m_{21}^2$ and $\sin\theta_{13}$ revisited	<i>Indian J.Phys</i> , 80(8), 829-835 (2006)
Neutrino mass matrices matrices in the light of latest KamLAND data.	<i>J. Assam Sc. Soc</i> , 46(2), 32-38 (2006)

\*Cited in *Report on progress on Theoretical Physics*
